The Bidder/Contractor shall not take advantage of any apparent error or omission in the Plans or Specifications. Any explanations desired by Bidders regarding the meaning or interpretation of specifications must be requested in writing and with sufficient time allowed for a reply to reach them before submission of their bids. Oral explanations given before the award of the contract will not be binding. Any written interpretation made will be furnished to all BIDDERS and its receipt by the BIDDER will be acknowledged.

Interpretation of the meaning of the plans, specifications or other pre-bid documents will not be binding if presented to any BIDDER orally. Every request for such interpretation should be in writing addressed to Rick Trimble, 100 E. Brooks Ave., North Las Vegas, NV 89030, telephone number (702) 633-2237. Any and all such interpretations and any supplemental instructions deemed necessary will be in the form of written addenda to the specifications which, if issued, will be mailed to all known perspective BIDDERS. All addenda so issued shall become part of the Contract Documents.

### 3. **BIDDER'S UNDERSTANDING:**

At the time of the opening of bids, each Bidder will be required to have considered all pertinent licensing, laws and regulations, and to have read and to be thoroughly familiar with the Bidding Documents (including all addenda).
