

Add the following new Section 100:

## SECTION 100

### GENERAL PROJECT REQUIREMENTS

These Special Provisions supplement and modify the "Uniform Standard Specifications for Public Works Construction Off-Site Improvements, Clark County Area, Nevada, Latest Edition," and all revisions through date of the advertisement. All of the requirements and provisions of said Standard Specifications shall apply except where modified by the plans and these Special Provisions.

#### 100.01 LOCATION AND SCOPE

The work to be performed under this Contract shall consist of the furnishing of all labor, materials, equipment, transportation, services and incidentals for the construction of "WATER BOLSTERING PROJECT BETWEEN NORTH 5TH AND DONNA".

The work generally involves the abandonment in place of approximately 4500 linear feet of 4-inch ACP waterline and appurtenances along Lillis Avenue, Glendale Avenue, Orr Avenue, Bartlett Avenue between North 5th Street and Donna Street. Approximately 4500 linear feet of 8-inch PVC waterline and appurtenances will be installed 10-feet north of the existing 8-inch sewer line along Lillis Avenue, Glendale Avenue, Orr Avenue, Bartlett Avenue between North 5th Street and Donna Street.

The intent of this Contract is to construct the "WATER BOLSTERING PROJECT BETWEEN NORTH 5TH AND DONNA". The Contractor shall furnish all materials, equipment, labor and transportation, including fuel, power and water, and incidentals and shall perform all appurtenant work necessary for the acceptable construction of the Project, complete, in full accordance with City of North Las Vegas standards and policies; Design and Construction Standards for Wastewater Collection Systems (DCSWCS), Clark County Uniform Standards, details, specifications, special provisions, contract documents, and these plans, all of which are hereby made a part of the Contract.

#### 100.02 REFERENCE SPECIFICATIONS AND DRAWINGS

Wherever references are made in the Contract, standards or codes in accordance with which work under this Contract is to be performed or tested, the edition or latest revision(s) of the standards or codes in effect at the time of opening of Bids shall apply. Work specified herein shall conform to or exceed the requirements of all applicable codes and the applicable requirements of the following documents to the extent that the provisions of such documents are not in conflict with the requirements of these Specifications or the applicable codes:

**"Design and Construction Standards for Wastewater Collection Systems"** hereafter referred to as the "DCSWCS." These standards and requirements shall be adhered to during the construction of any wastewater collection system or appurtenance.

**"Uniform Design and Construction Standards for Potable Water Systems"** hereafter referred to as the "UDACS." shall be adhered to in the performance of this Contract, except where otherwise provided herein or otherwise shown on the Contract Drawings.

**"Uniform Standard Specifications for Public Works Construction Off-Site Improvements, Clark County Area, Nevada,"** hereafter referred to as the "Standard Specifications." All requirements and provisions of said Specifications shall apply, except where otherwise provided herein or otherwise shown on the Contract Drawings.

**"Uniform Standard Drawings for Public Works Construction Off-Site Improvements, Clark County Area, Nevada, Volume I and Volume II,"** hereafter referred to as the "Standard Drawings" and shall be adhered to in the performance of this Contract, except where otherwise provided herein or otherwise shown on the Contract Drawings.
