### TRAIL TIPS

Trails traverse urban and natural environments. Users should expect to find wildlife, natural formations and scenes native to those environments.

Some trails follow flood channels that may present danger during flash flood season, typically during summer months. It is important to stay on paths for safety.

Weather is typically hot and dry during the summer months and cool in the winter months with possibility of precipitation.

Refer to trail and park signs for open hours.

Dogs on leashed are allowed on urban trails. Dogs must be leashed at all time. You must be in control of your dog at all times. Dog walkers must remove all waste.

Bring everything out of the park that you brought in. Bring bags with you to collect your trash. Always deposit trash and recycling in the appropriate bins.

Thirty minutes of walking can burn an average of 130 calories. Walking is an excellent way to increase your calorie expenditure.

Be mindful of other trail users. Slower traffic stay to the right, pass on left.

Always tell someone where you are going and when you plan to return.

Be prepared for potential conditions. Depending on the time of year and the activity or experience you want to achieve, special equipment may be needed for some terrain. The essentials for any trek include sunscreen, water and perhaps a snack for energy.

Plan and map out your route before leaving.

### The Following are prohibited

- UNLEASHED DOGS
- VENDING / SOLICITING
- CAMPING (EXCEPT IN DESIGNATED AREAS WITH PRIOR APPROVAL)
- FIREWORKS / EXPLOSIVES / OPEN FIRES
- ALCOHOLIC BEVERAGES (EXCEPT WITH SPECIAL EVENTS PERMIT)
- DEFACEMENT OF CITY PROPERTY
- MOTORIZED VEHICLES (OUTSIDE OF DESIGNATED PARKING AREAS)
- RIOTOUS / BOISTEROUS BEHAVIOR
- PRACTICING GOLF

Emergencies – 911  
Non Emergencies – 311  
Crime Stoppers – (702) 385-5555  
Graffiti Removal Hotline – (702) 633-1871  
CNLV Police - (702) 633-9111  
City of North Las Vegas - (702) 633-1000

### NEON TO NATURE

www.neontonature.org

The Southern Nevada Regional System of Trails and Open Spaces workgroup developed the brand "Neon to Nature" to emphasize and inform residents and visitors about extraordinary opportunities to experience another side of Las Vegas.

The purpose of the "Neon to Nature" Open Space & Trails System is to improve the quality of life and community character by providing an interconnected system of trails in Southern Nevada linking residential, civic, commercial and business landscapes to park, open space and recreational facilities operated by federal, state and local governments.

### Bicycle Safety Tips

- Wear bright clothing during the day and reflective clothing at night
- Always wear a hard-shell helmet whenever you ride; fit the helmet so the front is just above the top of the eyebrows
- Hand signals communicate with motorists what you intend to do; turns at stops require a hand signal for 100 feet

### Typical Uses and Amenities

[P] Parking	[Person] Loop Trail	[Dog] Dog Park
