

## STANDARD CONDITIONS

1. Unless expressly authorized through a variance, waiver or another approved method development shall comply with all applicable codes and ordinances.
2. Approval of a traffic study is required prior to submittal of the civil improvement plans.
3. Approval of a drainage study is required prior to submittal of the civil improvement plans.
4. Clark County Regional Flood Control District (CCRFCD) concurrence with the results of the drainage study is required prior to approval of the civil improvement plans.
5. Driveway number and location are subject to review and approval by the City of North Las Vegas Traffic Engineer and must meet the standards set forth in North Las Vegas Municipal Code 17.24.130. Conformance may require modifications to the site.
6. New street names must be submitted to the City of Las Vegas Central Fire Alarm Office and the U.S. Postal Service for review and approval prior to submittal of the conformed tentative map.
7. The North Las Vegas Traffic Engineer may require minor revisions to the interior streets prior to the approval of the tentative map or final map for the project.
8. A water network analysis must be submitted with the civil improvement plans.
9. All known geologic hazards shall be shown on the tentative map and the civil improvement plans. Geologic hazards such as fault lines or fissures affecting residential structures may substantially alter the tentative map layout and require the submission of a revised tentative map which must be approved by the City prior to final approval of the civil improvement plans.
10. The prospective homeowners shall sign a written notice declaring knowledge of the existence of R.C. Farms, wherein the housing development may be subject to odors created by the pig farm.
11. Measures to achieve a noise level reduction, outdoor to indoor, of 25 decibels must be incorporated into the design and construction.
12. All known soil conditions shall be shown on the civil improvements plans. Soil conditions that affect landscaping and wall construction may substantially alter the site plan and require submission of a revised site plan, which must be approved by the Planning and Zoning Director or her designee prior to approval of the civil improvement plans.
