

# **CITY OF NORTH LAS VEGAS - UTILITIES DIVISION**

## **REQUESTS FOR INCLUSION ON THE APPROVED MATERIALS LIST (AML)**

The City of North Las Vegas - Utilities Division has an Approved Materials List (AML) for products to be used within the City's utility system (water and sanitary sewer).

### **Requests for items to be added to the AML should be addressed to:**

CNLV Utilities Department - Utility Operations Division  
Attn: David J. Tanner, P.E., Engineering Associate  
2829 Fort Sumter Drive  
North Las Vegas, Nevada 89030

Telephone (702) 633-2678 Fax (702) 339-2952

### **Requests are required, as a minimum, to include the following information:**

Company name, address, telephone number and name of contact person  
Product name, sizes to be included, and manufacturer's brochure/specifications  
Approvals by required entities - AWWA (items within the water distribution area),  
USC (items in the cross-connection control program)  
Verification from a local vendor to stock the item and replacement parts

Other pertinent information, such as inclusion on other local entities' approved products lists should be included with the submittal so it can be taken into consideration.

Requests will be reviewed upon receipt and written approval/decline will be forwarded in a reasonable time frame. Some items may be required to be field tested, terms of the test will be agreed upon with the requestor prior to placement in the field.

**A PDF of the AML can be downloaded from the City of North Las Vegas website on the Utilities–Engineering Services page (<http://www.ci.north-las-vegas.nv.us/Departments/Utilities/PDFs/EngineeringServices/ApprovedMaterialsListing.pdf>).**

For any additional information or comments, please contact David J. Tanner, P.E. at (702) 633-2678.
