### **Three Square's Mission:**

To provide wholesome food to hungry people, while passionately pursuing a hunger-free community.

### **Three Square's Vision:**

No one in our community should be hungry.

### **About Three Square:**

Since opening in 2007, Three Square has provided over 385 million pounds of food to hundreds of thousands of people in need and earned a reputation as one of the most efficient and effective food banks in the country. Before the COVID-19 crisis, hundreds of non-profit and faith-based organizations provided meals to the hungry Southern Nevadans through church pantries, soup kitchens, shelters and schools. Almost all of the food used to make those meals originated at Three Square, the backbone organization for Southern Nevada's emergency food network. Of the network's many public and private partners, only Three Square has a mission and strategic plan dedicated exclusively to ending hunger in our community.
