Child Support Compliance Statement

The Federal Welfare Reform Act, as implemented by the 1997 session of the Nevada State Legislature by Senate Bill 356, requires that professional and occupational licensing agencies add certain questions regarding child support to all applications for new licenses. Pursuant to this legislation, ***sole proprietors and all members of general partnerships*** are required to complete this statement and return it with their application. Failure to complete and return the statement will be cause for denial of the license. **Please note that a complete statement includes the signature and social security number of the individual completing the form.**

Please mark the one appropriate response (failure to mark one of the three will result in denial of the application).
