## City of North Las Vegas

### Choice Neighborhood Initiative (CNI)

## CHOICE Neighborhood

The City of North Las Vegas, in conjunction with the Southern Nevada Regional Housing Authority and in partnership with a number of over 25 collaborative non-profit agencies and institutions, submitted a funding application for a Choice Neighborhood Initiative (CNI) Planning Grant

The Choice Neighborhood Planning Grant is part of a Department of Housing & Urban Development (HUD) funded initiative that focuses on assisting communities to develop successful neighborhood transformation plans and build the support necessary for that plan to be successfully implemented.

This is a 2 year planning grant that will play an important part in our efforts to revitalize the neighborhoods in the Choice focus area (see map on back of brochure), which includes the Rose Gardens on the east and Buena Vista Springs on the west.

## CHOICE Neighborhood

Choice Neighborhoods is focused on 3 core goals:

**Housing:** Replace distressed public and assisted housing with high-quality mixed income housing that is well-managed and responsive to the needs of the surrounding neighborhood;

**People:** Improve educational outcomes and intergenerational mobility for youth and supports delivered directly to youth and their families; and

**Neighborhood:** Create the conditions necessary for public and private reinvestment in distressed neighborhoods to offer the kind of amenities and assets, including safety good schools, and commercial activity, that are important to families' choices about their community.

If you live in the Choice Neighborhood area (please see map on back of brochure) we want your ideas and involvement in our Choice planning process. Please join us at our upcoming events to have your voice heard and provide your input on our survey.
