		*** 4/19/18: Joyce Williams w/Sun Valley Solar Solutions did not bring in a signed contract with her due to a signed contract have not been finalized between contractor and owner/tenant of Marmaxx. Per Tony Vibabal, to assess valuation based on \$3,500 x 1,000 kilowatt = \$3,500,000. Therefore, project valuation increased from \$1,709,350 to \$3,500,000. David Rosenow with Socore Energy stated the valuation is over \$2 million but should not be \$3.5 million. Per Tony Vibabal, when contract has been finalized, David Rosenow will need to provide this contract to the City in order to verify overall project valuation. If signed contract is less than the calculated valuation, per Tony Vibabal, the City will issue a refund. lrl
