LAND DEVELOPMENT TASK FORCE

The Land Development Task Force is a service to provide information to potential developers in the City of North Las Vegas. The intent of the Land Development Task Force is to provide guidance and recommendations to developers prior to formal submittal of plans to the City. The recommendations of the Land Development Task Force are preliminary in nature and do not represent an approval or final position by the City. Changes to plans which are submitted to the Land Development Task Force or additional information discovered during the processing of a formal application may result in significant differences between Land Development Task Force comments and final project outcome.

The Land Development Task Force meetings are held on Thursdays at 10:00 a.m. and 11:00 a.m. There is a \$200 fee for the Land Development Task Force meeting.

Upon submittal of the completed Land Development Task Force Application and required site plans to the Planning and Zoning Division, a Land Development Task Force meeting will be scheduled based on availability. The completed Land Development Task Force Application and required site plans should be submitted at least two weeks in advance in order to allow sufficient time for review.
